

LIVING AS A LEADER®

Hello,

Welcome to LeaderTrak Lens. We're glad you're here and excited to support you as you begin this leadership development experience.

We've partnered with your organization to provide leadership training and development, and we look forward to supporting you throughout the program.

Your organization has a custom LeaderTrak Lens resource page, which will serve as your hub throughout the program. It includes your orientation video, important dates, pre-work surveys, session details, and other helpful information.

I recommend bookmarking this page so it's easy to come back to throughout the experience.

You'll also receive a separate email from our LeaderTrak Lens learning platform with instructions to set your password and access your video-learning courses. That email will come from leadertrak@kjbm.livingasaleader.com, so please check your spam folder if you don't see it.

If any questions come up along the way, feel free to reach out anytime at LeaderTrakHelpline@livingasaleader.com.

We're honored to support your leadership growth and look forward to learning alongside you.

Thank you,
Liz
